Re: WC Docket No. 10-90; WT Docket No. 10-208

Madam Secretary:

In accordance with Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, we hereby provide you with notice of an oral ex parte presentation in connection with the above-captioned proceedings. On June 14, 2013, Grant Spellmeyer and undersigned counsel, on behalf of United States Cellular Corporation ("U.S. Cellular") met with Margaret Wiener, Martha Stancill, Sue McNeil and Eliot Maenner in the Wireless Telecommunications Bureau to discuss the upcoming Phase II Mobility Fund auction.

In our meetings, we discussed the upcoming Phase II Mobility Fund auction. U.S. Cellular advocated targeting Phase II funding to those areas that lack 4G service. U.S. Cellular believes that coverage should be demonstrated by road miles, as the testing parameters are known to carriers and developing new ones for testing service at residences or businesses will prove to be unduly complicated, difficult to comply with, and to enforce. Since this is a mobility fund, coverage requirements should focus on the places where consumers use their phones in a mobile environment.

In addition, the existing rule that makes an area ineligible if a carrier makes a public commitment to provide service by a date certain is extraordinarily difficult to enforce and should be eliminated.

Hon. Marlene H. Dortch
